DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-15 and 19-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1; lines 2-4 are indefinite because it is unclear as to what constitutes a data item in the compressed format, note that the number of digits in each data item in the compressed format must be less than the number of digits in each data item in the original format. In line 5 of claim 1 the phrase "the data items" lacks clear antecedent basis. The "sub-blocks" of line 6 fail to be clearly related to "the data items" of line 2. Finally in claim 5, lines 6-7 are mis-descriptive because "the first number of digits" are not subdivided into sub-blocks. Claims 4 and 14 are inconsistent with claim 1 because claim 1 is limited to converting from the original format to the compressed format. Lines 3-4 of claim 24 are indefinite because each input item in the compressed format does not include first and second section codes.

Allowable Subject Matter

2. Claims 16-23 are allowed.
3. Claims 1-15 and 24 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Specification

4. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.
5. On page 5 a brief description of Fig. 17 is lacking.

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
